Position: Line Operator  
Industry: Stamping Manufacturer  
Employee Type: Full Time  
Reports To: Supervisor/Production Manager

### **Description of Position**

We are looking for experienced Line Operators to run automated lines, monitor equipment during production and ensure compliance with all quality and safety standards. The ideal candidate would have 2-5 years of experience.

### **Job Functions (include but are not limited to):**

- Set up and operate line according to production specifications
- Inspect equipment before and monitor equipment during production. Confirm that it is working properly by checking process parameters and indicators.
- Examine work pieces for defects and measure work pieces with fixtures or templates to ensure conformance with specifications
- Report production quantities accurately and according to the company's recording process
- Troubleshoot mechanical issues and identify the cause of errors, problems and defects
- Able to lift up to 50lbs
- Perform other duties as required or assigned by supervisor
- Follow all OSHA and internal safety standards

### **Education/Skills/Experience Required**

- High School Diploma/GED
- Ability to perform standard shop computations (math)
- Ability to read schematics (blue prints) and engineering drawings
- Ability to perform basic maintenance of equipment
- Ability to read, understand, follow and enforce safety procedures
- Ability to make administrative/procedural decisions and judgments as well as work within a team environment

We offer a drug free work place along with a competitive salary and benefits package.
